LETTER OF INFORMATION
YENCH ROAD DRAINAGE IMPROVEMENTS

Dear Property Owner:

As you may be aware, the crossing culvert north of Capitol Drive on Yench Road is failing and the crossing on Coca Creek needs replacement. The City of Pewaukee (City) publicly bid a project to replace the crossings in September of this year and subsequently awarded the project to the low bidder, Underground Pipeline, Inc., at the September 18th Common Council meeting.

The Contractor anticipates beginning the work on November 1, 2023. Each crossing is anticipated to take approximately one day to complete and the entire project approximately two weeks to complete, depending on weather conditions. Access to your property from Capitol Drive is to be maintained during the project, however there may be delays depending on the Contractor's operations. The authorized representative for Underground Pipeline, Inc., is Mike Dretzka and can be reached at (262) 894-2604. The City will have an onsite project representative from AECOM, to observe the Contractor's operations. If you should have any questions regarding the project, please contact me at (262) 691-0804 or wirtz@pewaukee.wi.us.

More information about this project is available the City's website at <https://www.cityofpewaukee.wi.us> and click on "**Departments**," "**Storm Water Management**", "**Current Projects**", and "**Yench Road Drainage Improvements**". Periodic construction updates and other relevant information will be posted there.

Thank you in advance for your patience during this construction project. If you have any questions or concerns about the project, please contact our office at (262) 691-0804.

Sincerely,

Richard J. Wirts, P.E., CFM
Chief Engineer-Utilities
